---

Objective :

I am a hard working Informatic Technology Engineer with 2 years experience in Node.js development , seeking an opportunity in a reputable company where I can contribute in its growth while improving my skills and knowledge .

SKILLS :

- **Programming Languages:** JavaScript (Advanced), Python (Intermediate).

- **Frameworks & Libraries:** Node.js (Expert), Express.js (Expert), React.js (Intermediate).

- **Databases:** MongoDB (Advanced).

- **Development Tools and Practices:** Git (Expert), RESTful API Development (Expert), Data Mining (Intermediate), Machine Learning (Intermediate).

- **Networking:** CCNA (Advanced) , CCNP (Intermediate)

Projects :

- **Network Automation APIs :** for graduation project , full web application's backend APIs linked with Python scripts for automation.
  https://github.com/HaidarGhanem/NetworkDashboard-TEST-

- **News Blog :** a training project , fetching data from external APIs for news blog.
  https://github.com/HaidarGhanem/News-Blog-API-Nodejs

- **JWT_authentication :** full authentication project with node.js and mongodb using JOI for validation and JWT for making tokens.
  https://github.com/HaidarGhanem/JWT_authenticationV2

- **Authentication Project :** full authentication project with node.js and mongodb using ejs for layouts also made sessions functionality.
  https://github.com/HaidarGhanem/Authentication-Node-Mongo

- **Personal Blog :** node.js project for a personal blog site that can publish articles and delete them and edit also using mongodb. https://github.com/HaidarGhanem/Personal-Blog-Node.js-MnogoDB

EXPERIENCE :

- **Al-Baath university Node.js developer:**   *2022-2024*
  Had responsibility for graduation projects made by Node.js , any tasks for students that need Node.js development , Also taught many students Node.js development.

- **TERA Agency Node.js developer :**   *2022-2023*
  A freelancer Node.js developer with TERA Agency team , did many intermediate tasks required to be done on deadlines.

- **TERA Agency Graphic Designer :**   *2020-2023*
  Was the head of graphic designer team , expert in branding re-branding , advertising , turning brands into digital world.

- **Freelance Ui/Ux Designer :**   *2021-2023*
  Worked for a while as a Ui/Ux designer according in my experience in graphic design.

EDUCATION :

- **Graduated from Al-Baath university** as IT engineer specialist at Networking and Operation Systems (2019 – 2024) , my graduation project was the top ranking in IT engineering " Web application for Network Automation " .

- **Baccalaureate degree** GPA of 89% (2019).

LANGUAGES :

- **Arabic** (native)

- **English** (Excellent in written and spoken)

OTHERS :

Also started my own Machine Learning courses in aim to merge web development with full automation systems , to increase both accuracy and performance.

Working on MERN development certification to become full stack developer , from FOCAL X Agnecy.
